

Prescription Dispensing

Who should prescription dispense Intracell products?

- Any healthcare provider who prefers not to sell or stock product

How does prescription dispensing work?

- Simply complete the below prescription
- The patient will receive your professionally discounted price
- Patient must give your name when calling . . . we will do the rest

How do I know the patient complied?

- You are immediately notified by copy of patient's invoice
- You are supplied a script form for special instructions

What about third party pay?

- Dispense E0935 [passive motion exercise device]
- Clinical 97140 [manual therapy techniques]
