

Pet Stick[™]

Massage

The Pet Stick provides a rolling, petting massage that creates instant bonding.

Massage for Therapy

- Decreases muscle stiffness and increases range of joint motion
- Helps ease pain and increase comfort
- Promotes circulation
- Relieves muscle tension, soreness and spasm
- Recommended for the symptoms of canine hip dysplasia

Massage for Fun

- Promotes softer more glossy coats
- Relaxes and calms hyperactivity
- Slows developing signs of aging
- Promotes socialization and trust
- Provides passive exercise

Massage for Performance

- Increases muscle tone, stamina and elasticity
- Enhances joint movement and gait
- Facilitates posture and balance
- Hastens recovery time from injury
- Makes muscles feel better, work harder, last longer and recover faster

Massage is complementary and supportive and not a substitute for veterinary care.
For health questions always consult your veterinarian.

Tips for Use

- Encourage muscle relaxation and enjoyment during entire massage
- Use before, during and after periods of physical activity or planned exercise
- Following periods of extreme exertion, allow panting to calm before use
- A typical warm-up or cool-down requires about 30 seconds directly to each major muscle group
- Use the rollers for light massage and the wheel when a deeper massage is desired
- Provides passive exercise for older pets that experience periods of inactivity
- Make each session enjoyable for both you and your pet

The Pet Stick has a 90-day unconditional guarantee.

RPI of Atlanta wholly disclaims responsibility for any and all adverse effects and consequences resulting directly or indirectly from the use or misuse of The Pet Stick.

Personalize Your Pet Stick

Obtain a FREE weatherproof name label. Simply send a first-class stamped, self-addressed envelope, along with proof of purchase to the address below.

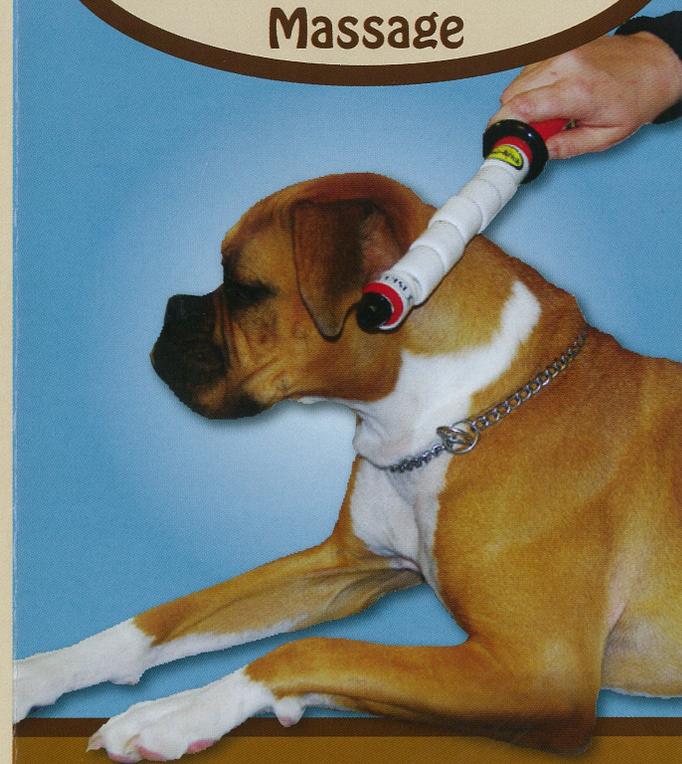

Provide the name of your pet.
Maximum 25 characters - One line only.
